IDAHO DAY
MESSAGE FROM THE PRINCIPAL

Staff professional learning:
Our professional learning day on Monday, May the 6th was extremely valuable in ensuring that we continue to grow and develop our school as a Professional Learning Community. Kylie Lipscombe, who is a lecturer at the University of Newcastle and recently completed her Masters thesis on Professional Learning Communities, led our work on the day. We have worked with Kylie over the past 18 months on the implementation and development of the PLC framework and she was delighted to see how far we had progressed, the collaboration of teacher teams and the focus that our teachers have on ensuring that every student learns.
Kylie was very impressed with our work and sees Lara Secondary College as being the leading secondary school in Australia in implementing this important framework.
As mentioned in previous editions of the College Times, the PLC framework ensures the development of a consistent approach to supporting students to learn through focus on three big ideas:
- The purpose of our school is to ensure all student learn at high levels
- Helping all students learn requires a collaborative and collective effort by staff.
- To assess our effectiveness in helping all students learn, we must focus on results - evidence of student learning - and respond when we know students haven’t learnt through intervention.

Intervention is undertaken at three different levels - through differentiating work within the classroom, through additional support in focus groups within class and the third tier of intervention when students still haven’t learnt - through extra time in compulsory “tutoring sessions”. Success is not negotiable.

Promoting learning and feedback to our school:
We have also engaged consultants to support our drive for excellence in numeracy and literacy. Last week Tom Campbell a literacy consultant who has worked in both the UK and USA toured our classrooms and undertook a review of our current practices in literacy learning. Tom was very complimentary about many aspects of our school but emphasized how important the “tone” of a school is. In this sense Tom referred to the calm and order in all classrooms, the passion of our teachers, the positive relationships between students/teachers and between students. He was very impressed with the structures we have in place across the school to support literacy development and particularly our literature circles, targeted independent learning process, our use of learning intentions, and success criteria, plus our formative assessment to ensure that we are measuring student learning and adapting our teaching to support all learners within our classrooms.

We have also received equally impressive feedback from two University Lecturers visiting pre service teachers, who commented on the respectful and calm classrooms that he visited during his day at Lara Secondary College.
Our 2015 Information evening was another excellent showcase of our school with numbers attending well over 300. Well done to our teachers, our support staff and over forty students who came in to demonstrate the learning that happens at our college. Parent feedback on the night was again impressive.

It has been very rewarding to receive such positive feedback from a variety of sources, as we continue to strive for continued excellence across every aspect of our work.

Lyn Boyle

boyle.lyn.c@edumail.vic.gov.au

Lara Secondary College Welcomes New Teacher
Lynda Morrow will commence teaching Voice and Guitar at Lara Secondary College this Thursday. Lynda has taught at various schools across Geelong and we are very pleased to have her join our Music Department for Term 2. This appointment has opened up lesson times for guitar, voice and piano. Should you now wish to enrol in tuition for any of these instruments, please talk to Miss Newman. Miss Morrow will also be running our Vocal Ensemble and Guitar Ensemble during recess and lunch on Thursdays. For more information, see Miss Newman.
ASSISTANT PRINCIPALS’ REPORT

Open Days and Information Night
For the first time, Open Days were held on Tuesday the 6th and Thursday the 8th of May, primarily for the Grade 6 families, but also attracting local families whose children currently attend other secondary schools and are looking to enrol their child with us at Lara Secondary College. The Open Days provided the opportunity to observe the Middle Years pods in action, understand the passion we have for ensuring students are learning and the challenge to begin to learn some of the terminology used such as HAPE, Learning Intentions and Success Criteria. These ran for an hour over the two different mornings and it was lovely to meet with our prospective enrolments and their families.

To enhance the knowledge of the school, the Information Night took place on Tuesday night providing an overview of the school, the priority areas and achievements as well as some of the career pathways and opportunities extended to students. Three student leaders spoke to the families; Elishe G, Marley M and Tim C. These students took on a huge task of ensuring parents were provided with an accurate picture of the school and highlights from their experiences, and they did a fabulous job. Well done!

Parking
In the last couple of weeks we have had some near misses with families parking in the staff car park, whilst bringing and collecting their children, and students and staff almost being hit. The car park nearest the oval is available for parents, and provides safer access with students able to walk around the pathway, rather than through the staff car park area when being collected. Please remember to respect the parking zones as the council is going to be more vigilant in this area.

Uniform
Students are reminded that they are to wear black stockings or tights (60 denier) under their Kilts. We have just been informed that the new shorts for HAPE have now arrived, as well as the correct trousers for the girls, which are a straight leg pant. These can be obtained from Bellarine Uniforms on Moorabool Street.

Head Lice - All Year Levels
There has been an outbreak of Head Lice; can parents please be vigilant in checking their children’s scalps. Medications for this can be purchased at the chemist to assist with breaking the cycle.

Please click Link for more information.

‘Like’ us on Facebook!

We’ve recently created a Lara Secondary College official Facebook page. www.facebook.com/LaraSecondaryCollege.

‘Like’ us to keep in touch with some of the fantastic events happening at our college and to celebrate the achievements of our students.

You’ll already find photos of the Year 8 Camp, the Senior Years Information Evening, Year 10 Fit to Play Surf camp, the Swimming Sports and our newly appointed School Captains.

Kelly Butler ICT Admin Leader & Sarah Foley Student Learning Leader

Parking
City of Greater Geelong Council has become increasingly aware that parents have been parking next to the school’s car park on the nature strip/road when picking up and dropping off their children. Another area of concern is that parents are not parking in the designated parking bays in the car park area. Parents, please be aware that C.O.G.G will now be issuing fines to anyone not parking in the designated parking bays. Thank you.

Commencement of School Day

The College Office is open from 8.15am—4.30pm each school day.
Staff commence yard duty supervision at 8.45am. Students are able to attend earlier with their families knowledge that supervision commences at 8.45am.
**CELEBRATIONS**

**Same Love Performance**
Year 12’s performing their 'Same Love' performance at the IDAHO Day flag raising ceremony, at City Hall.

---

**BMX Competition**

On Sunday the 27th of April, we went to the Shepparton track to watch my best friend race in the Welcome to Victoria race. On Tuesday we had champbikx training and then on Wednesday night we had another practice to get used to riding with their lights, because the track looks totally different when it is dark.

With all the practice sessions out of the way, it was time for racing on Thursday night. We didn’t get any gate practice that night so our first gate was our time trial. In my time trial I hit nearly every jump but I still came second.

After my time trial I had a three hour break before my first Moto. In my first 3 Motos I came second and in my 3rd I came third. In my final I finished sixth, which put me second overall in the national series, which also gives me a spot on the test team to go to New Zealand.

On Saturday I raced Aussies. This year I had a lot of new girls riding in my class, so we had four gates of us, which meant I had semis. In my first moto I came second but in my 2nd moto I stacked with another girl on the first jump and ended up with a sixth. In my third Moto I came 2nd again, so I went through to semis. In my semi I had to race the world number one and the girl that came first in the national series. I was super happy when I finished the race because I was right behind the World number one and beat the girl that came first in the national series, so I ended up second.

It was finals time and I had fourth pick for lane choice. Last year I got 5A but the World Number one and the girl that is Number one in Australia, this year, crashed so I would end up seventh.

This year I have made a massive improvement in my riding and ended up with 4 Australians with no one crashing out.

The week was great and fun too.

Iesha A.

---

**Jiu Jitsu**

Tom S. from 8G won the Victorian State Championships in Brazilian Jiu Jitsu. The Victorian Championships were held on the 4th of April. He will be competing in the Australian Cup in August and he will also compete in the Pan Pacific Games in Melbourne in November.
Ready, Set Work

Year 10 RSW visited the Gordon’s East Geelong campus last Tuesday as a part of their Pathways program. Students had a tour of the more than 30 courses they can choose from for their VET certificate next year.

Year 10 Science in Society

Sea Life ‘Surviving Extinction’ Tour

On Wednesday the 7th, the Year 10 Science in Society class visited the Melbourne Aquarium to participate in guided a tour. The purpose of the program was to enhance our understanding and affects of habitat interference and destruction leading to widespread extinction of species, focussing on sea life.

We went up on the train to Southern Cross Station, and walked down to the Aquarium, where we were met by our guide for the tour, Doug.

Doug talked about conservation of species, and showed us the system of how they classify the likelihood of extinction species based on how many of that species are currently living. This ranges from Least Concern to Extinct.

As we toured the aquarium Doug explained that most of our species of fish are extremely endangered due to either overfishing, habitat destruction or industrial waste runoff. He says that in due time, most fish will be extinct, and that we could make a difference - his motto was "want less, do more".

All in all, it was a brilliant experience, which I would highly recommend others to do in Year 10.

Scott T, 10BC

VET

Vet at the Geelong Industry Trade Training Centre, was officially opened last Wednesday.
CONNECTIONS PROGRAM UPDATE: Together We Do Better for the Community and Environment

The theme for Connections in Term 2 is ‘Together We Do Better for the Community and Environment’. Working in small focus groups, students aim to meet the needs of the local community and environment, while developing partnerships or ‘Connections’ with organisations and individuals. Throughout the term, all students are required to keep a Visual Diary and reflect on the development of their Employability Skills. At the conclusion of the program, students will be assessed via a Round Table Presentation which will be held on Tuesday 24th June. The following students are to be congratulated for receiving top marks for their Term 1 Personal Challenge Round Table Presentation; 9 Blue - Stefin G, David G, Jamie-Lee M, Eva R, Katelyn V, Maria Y, 9 Green - Aaron B, James C, Shenea H, Jan E-S, Carly V, 9 Orange - Jena C, Tyler M, 9 Purple - Jordyn F, Jaria H, Maddi L, Paris S, Harry S, Khloe W, 9 Red - Lucy B, Brayden D, Jodie J, Hannah N, Ebony R and 9 Yellow - Tiahn D, Briony J. Each of these students received a Certificate of Excellence Award at a year level assembly to recognise this achievement.

St Laurence Park

During the first few weeks of term, the St Laurence Connections group have been visiting the residents at Costa House and joining them in their morning activities, such as nail painting and a team quiz challenge. We have helped escort residents on excursions to Lara Museum and Scienceworks, and there are many more excursions to come. Students are in charge of planning and organizing these activities and excursions. Some students are planning a fundraiser for their excursion and another group is making a community quilt, where the students and residents will each decorate a square for the quilt. Through these experiences, students are gaining an insight into the lives of older members of the community and their point of view, taking more responsibility and improving their self-management skills. Emily L (9 Red), Katelan L (9 Red) and Carly A (9 Yellow)

Peer Mentoring

Students involved in the Peer Mentoring program have been helping teachers of Lara Primary School with their classes every Tuesday morning. This involves listening to students read, helping them count and generally assisting small groups with their work. After recess, a class from the primary school come across to Lara SC to participate in activities we have planned. During the first few weeks we have organised a sports class and a session of arts and crafts. Every Tuesday we are excited to come to class to help our primary school buddies. Carly V and Christine I (9 Green)

Fish for the Future

Students involved in the Fish for the Future focus group have been learning about local fish stocking initiatives, recreational fishing guidelines, effects of introduced species, marine parks, commercial fish harvesting processes and various other marine and environmental issues. Our first field trip was held Tuki Trout Farm, which is situated a few kilometers north of the township of Smeaton near Creswick. The purpose of this trip was for students to learn about the process of catching, cleaning, cooking and eating their catch. Despite limited fishing experience in some instances, every student caught at least one rainbow trout and many volunteered to assist with the cleaning, cooking and serving duties in the kitchen. Over the coming weeks we have excursions planned to Barwon Heads, Spring Creek at Torquay and Corio Bay. We will also be assisting DPI Fisheries Officers with the release of trout into some of the Family Fishing Lakes in and around Geelong.

Heron Yacht Boat Building

The Heron Yacht Boat Building focus group aims to introduce students to the skills and knowledge required to work in a manufacturing type industry where attention to detail and the ability to follow written plans as well as problem solve on the job is critical. Students involved in the Heron Yacht project are guided and directed by a number of skilled volunteers. Over the years, five yachts have been completed with another on the way. These boats are built to race specifications and one of our boats even won a national title back in 2012. Another was also purchased late last year for the purpose of racing and we hope to see that yacht on the winners list in the not too distant future.

We’ll take a closer look at what’s happening in remaining focus group projects in the next College Times in a fortnight.
2. Reminders

- ‘At Monash’ seminars - Health Science and Social Work 13 May; Education and Nursing 20 May; Biomedical Science, Radiography, Nutrition and Dietetics 28 May; Engineering 29 May. More dates and bookings: www.monash.edu/seminars.
- UMAT – Registrations close: 6 June; UMAT test date: 30 July 2014.

3. CAREERS IN SPORTS MEDICINE –

Olympic Park Sports Medicine Centre is conducting an event to introduce the world of sports medicine for Year 10-12’s. Build awareness of the health professionals involved in caring for athletes. Practitioners from sports medicine, nutrition, podiatry, psychology, massage, physiotherapy and exercise physiology will give short talks. When: Registration, 6.30-7pm, Wed 28 May; Talks, 7.30-9pm; Where: AAMI Park Stadium, 60 Olympic Blvd, Entrance F, Gate 4, Corporate Entrance, Olympic Room 3; Parking: Eastern Plaza Car park; Cost: $25, parents free; Register: www.trybooking.com/EPDE; Info: megan.marshall@opsmc.com.au, www.opsmc.com.au.

4. YEAR 10 SUBJECT SELECTION FOR YEAR 11 – If you are in Year 10, university may seem a long way off, but decisions you make now about VCE subjects can affect what you are able to study later. Whether you have made up your mind about university or are undecided, it’s good to get information now so that you are fully prepared for VCE and beyond. One starting point is to check out these videos from La Trobe University: Year 10 videos. Also go to www.vtac.edu.au, then go to CourseLink and set up an account to do some research.

4. DEAKIN UNIVERSITY PARENT/STUDENT EVENING – Start planning your VCE, university and career. When/Where: Burwood, 6-8pm, May 21, Building I, Lecture Theatre 1A, 221 Burwood Hwy, Burwood; Geelong Waterfront, 6-8pm, Wed 28 May, Building D, Percy Baxter Lecture Theatre, Gheringhap St, Geelong; Maps and registration: www.deakin.edu.au/parent-and-student.

4. RMIT NEWS – RMIT is a university and VET provider, with campuses in the City and at Bundoolra. RMIT school holiday opportunities:

- CHECK OUT SCIENCE AT RMIT – ‘Science in the City’ is a tour of RMIT facilities where students and parents can learn more about science programs. Find out about the range of science programs available at the city campus including biology, biotechnology, chemistry, environmental science, food science, nanotechnology and physics. You will also gain knowledge of career options. When: 11am-1.30pm, Mon 30 June and Mon 22 Sept; Reg’n: www.rmit.edu.au/experiencedays

- RMIT EXPERIENCE DAYS – Events for Year 10-12 students giving insights into life on campus: Mon 30 June, Accounting and Finance; Trades Day; Tues 1 July, Community Justice; Engineering (City); Health and Medical (Bundoora); Journalism and Audio Visual; Wed 2 July, Information Systems; Logistics; Thurs 3 July, Advertising, Marketing and Public Relations; Engineering (Bundoora), Environment; Fri 4 July, Art & Design; Science; Wed 1 Oct, Project Management. Information and Reg’n: www.rmit.edu.au/experiencedays.

RMIT HOSPITAL LABORATORY VISITS -

These are for students interested in careers as medical scientists. Tours give a chance to see the workings of a laboratory, and to observe where current students are completing their professional practice. Covering laboratory medicine and nuclear medicine, the sessions are held at major teaching hospitals from 2-11 July. Register: RMIT Medical Sciences, 9925 7075, medicalsciences@rmit.edu.au
5. FIND OUT MORE ABOUT THE UNIVERSITY OF MELBOURNE – ‘My Melbourne’ is the University’s monthly newsletter for future students. It’s a great way to keep up to date with what’s happening at the university and find out about the opportunities for students. Current students contribute to ‘My Melbourne’, Get tips, learn about experiences, find out about college life - blogs.unimelb.edu.au/mymelb.

6. LA TROBE UNIVERSITY NEWS –
New courses for 2015 are the Bachelor of Commerce and the double qualification, Bachelor of Commerce/Bachelor of Laws. In addition, the Bachelor of Science and Society, the Bachelor of Creative Arts, and the Bachelor of Media and Communications will be re-designed.

- In 2015 there will be a 4 aggregate point bonus for those completing a 3/4 LOTE
- A new Early Admissions Program is starting (Aspire Program). Conditional offers will be made on the basis of: school principal’s recommendation, and the applicant’s demonstrated non-academic contribution and leadership, with the requirement of a minimum ATAR of 50.3 (some exceptions apply), the applicants’ completing a VTAC application, and an application to La Trobe. Applications: 1 July-31 Aug. Offers in Sept. Program updates: www.latrobe.edu.au/aspire.
- La Trobe is moving to two Colleges, away from five faculties. They will be The Social Science, Arts and Communications and Law College, and the Science, Health and Engineering College.
- Some Health Science degrees will be re-named Applied Science degrees. E.g. B. Health Science/B. Podiatry will become B. Applied Science/B. Podiatry.

7. NEW YORK JAZZ SYMPOSIUM –
Students aged 14-17 wanting to learn from some of the world’s greatest jazz musicians can join the New York Jazz Symposium at Trinity College (Uni of Melbourne). Carl Allen (drums), Rodney Jones (guitar), Mat Jodrell (trumpet) and Carla Cook (vocals) will work with passionate young jazz musicians from around the world. Live on campus at college and form part of an ensemble group, focussing on jazz performance, hear the journey of a musician, increase confidence to perform, and jam with other musicians. When: Sun 29 June – Sat 5 July, 2014; Cost: $1,650 (scholarships available); Applications: Close Fri 23 May;

8. Love maths? You might like to be an ACTUARY!
Many people have never heard of actuarial studies, and have no idea what an actuary does. Actuaries are responsible for identifying, analysing and assessing risk. They determine the likelihood of risk to ensure an organisation’s safeguards and they advise on the potential consequences of risk. This is done by creating mathematical models using past data and the actuary’s own knowledge and experience. These models are used to generate future scenarios to find out how likely and how severe future risks may be. Actuaries traditionally work in consulting, banking, superannuation, stockbroking, insurance and investment and can also find work in consumer behaviour analysis and developing areas like environmental studies, climate change and genetics. At Monash University actuarial studies can be taken as part of the Bachelor of Commerce or the Bachelor of Economics, and at the University of Melbourne in the Bachelor of Commerce. Pre-requisite subjects are 3/4 English (any) and 3/4 Maths Methods. Website of the professional body, Actuarial Institute of Australia: www.actuaries.asn.au/default.aspx.

9. AVIATION CAREERS EXPO – If you want to find out more about Swinburne’s aviation courses for 2015, attend the Aviation Careers Expo. Representatives from CAE Oxford Aviation Academy, from some of Australia’s top aviation organisations and major airlines will attend. When: 3.30pm, Mon 2 June; Where: Hawthorn campus; Register by Fri 30 May: Online registration.

10. FLYING TRAINING SCHOLARSHIP – The Royal Victorian Aero Club with the 460 Bomber Squadron Scholarship Trust is offering a flight training scholarship to take the successful candidate to the GEPT stage of the Private Pilot’s Licence. Term and conditions available at www.rvac.com.au; Application forms are available at the Royal Victorian Aero Club at Moorabbin Airport, ph 85867777.
Lara & District Men’s Shed (LADMS) was formed in 2010, when a need was recognised in the rapidly expanding community of Lara and the surrounding district for a place where members could meet, seek support and offer their skills and life experience to the community.

Statement of Purpose:
To provide a space for members to meet, learn skills and give back to the community.

To provide opportunities for members to put their skills to use for the benefit of the community.

To promote men’s health and wellbeing in the community.

To be open and available to the wider community of Lara and the surrounding district, offering support to those who need it.

To provide mentoring opportunities and connections between generations.

Accessing a Netbook at Lara S.C.

As you would be aware, we have introduced our iSucceed program in 2013. The introduction of our one to one device program – where every student needs to have their own netbook or iPad is an important step forward in preparing our students for the future and the world of the 21st century.

It is vital that every student has access to an individual device. This will ensure that they are not missing out on important learning. As a result we are providing school owned netbooks on loan to students without their own device. No short term borrowing is available.

To access a school owned netbook we ask that you collect a permission note from the office and bring it back signed. This confirms that you are aware that your child is borrowing a netbook until December 2014 and will take appropriate care of this device. If the device is intentionally damaged or lost a payment to the school would be required.

It is essential that all students at our College pay the compulsory iAccess fee as indicated on the booklist (Year 7 $85, Year 8-12 $70). This provides access to high speed internet to complete class activities, as well as access to important class resources and software. If this has not been paid, please contact the school office to arrange payment so that your child can access all resources.

Year 10 - Shape Your Destiny

All year 10s, as a part of the Pathways Program, participated in the Shape Your Destiny workshop at school on Tuesday, 13th May 2014. Our guest speaker, Mr Darren Pereira from Success Integrated, engaged students to critically reflect upon their future career pathway, practice effective study habits, and develop personal motivation techniques. This activity is one of many that has been organised to empower our year 10 students to consider and explore appropriate pathways and possible careers. For further information go to:

www.successintegrated.com

“Accessing a Netbook at Lara S.C.”

“The workshop was delivered in a way that we could understand straight away.”

“It was really entertaining and made me think about my future.”

“It was amazing because it was really motivational.”

“The speaker was inspiring and made us understand that no matter what happens in life we should just go for it.”
LIBRARY NEWS
Some of our new arrivals (Traditional format books)

BOOKS RETURNED AFTER OVERDUE NOTICES WERE EMAILED HOME
At the end of term 1, notices were emailed home and many books listed have been returned. A special thank you to parents and carers as the response was really good. If students are still reading a book they just need to renew the loan.

SPINE CRACKERS BOOK CLUB
At our last meeting we had some new students join. We meet in the library at recess the first Thursday of every month and new members are always welcome. We plan to watch The Book Thief movie one afternoon this term in the library. Nearly all members liked the novel.
Lara Secondary Students becoming members of the Geelong Regional Library Corporation
Ideally we would like every student at Lara SC to be a member of the GRLC. The local branch has made it a lot easier for our students to join. Students can take membership forms home to be signed by parents and then return it to school. These are dropped off at the Lara Library and cards are made up ready to be handed out the next day. Ms Gerdtz’s entire Year 10 VCAL Literacy Class are all members! Some were already members, others joined this year. Since they are the first Lara SC class to all be GRLC members the library shouted them a Subway lunch last week.

Some of the Year 10 VCAL Literacy students having their Subway lunch to celebrate all being GRLC members!

eReading
Our new OverDrive Digital Library has just become operational this week!

Here is a sample of some of the titles in our eLibrary.

Students can check it out and start using it at school or home now.
http://larasc.lib.overdrive.com
Use your network password to sign in.

We will officially launch the Digital Library next week and will have more news about it in the next College Times.

Parents & Friends
Group
AGM
Monday 16th June, 2pm
At the school.
All welcome...
The P&F group with the Lara Lions Club is holding a Giant Community Book Sale over the weekend of June 28th/29th. For any donations of books, magazines, tapes, CD’s, DVD’s, LP’s and puzzles please contact Dennis on 5282-2825 to arrange collection by 14th June.
THANKS for your support, as over the last year the P&F has raised around $4000 from a Bunnings BBQ, VCE Book sale, second hand uniform sale and the community book sale. This money goes towards things such as the memorial garden near the music rooms and other projects/resources around the school.
