Year 7’s visit to the Melbourne Aquarium

On Friday the 25th of May, the year 7’s went to Melbourne Aquarium for a description on all environments especially Antarctica, since we are working on ecosystems around different continents/countries/states.

When we got to the aquarium we watched a short film about Antarctica. We then got split into groups (our TLC classes) and were put with a tour guide. We (7 Orange) had Carissa. As we toured around she explained all the different animals and how they manage to live through all different seasons of the year.

Some animals that we got shown were: Jellyfish, Starfish, Stingray, Penguin, Sharks, different sorts of fish and much, much more.

Afterwards had an explanation on Antarctica’s animals and their food chain. We learnt a lot more about the penguin’s body, how they live in and out of water with what is on their bodies for example wings, feet, oiled feathers, blubber and more.

By Katelyn C and Courtney S
MESSAGE FROM THE PRINCIPAL

Last week we formally bid farewell to our long standing College council president Daryl Spalding. Our farewell dinner involved not only our new council president Neville Gillett, and our new council members, but our first college principal Greg Sperling. This was a great time of reminiscing about the challenges of our early years, celebrating how we’ve grown and just how successful we have become as a result of the hard work and dedication of council, current and past staff and of course the support of our families.

At our assembly last week I reminded all students of the need to live our values particularly as we move rapidly toward our mid year exam period and as staff being final assessments for report writing. Our values of Excellence, Commitment, Teamwork underpinned by Respect are constants for all members of our College community if we are to achieve our best. Students were reminded that “being your best” is exactly what living our values means and that making concerted effort, particularly at this time will see each individual student achieve the results that they can be proud of.

Once again we have a large number of achievements to celebrate

- Take over drama performances at GPAC this week where the standard of performance from our students at all year levels was nothing less than outstanding.
- Our 2013 information evening was well attended with feedback emphasizing the high quality of not only our information evening but of our programs and physical surroundings. A huge thank you to each of the students who was invited to represent their class in presenting to prospective families on the night.
- Sarah W of Year 8 has been successful in gaining a place in the state finals of the Indonesian speaking competition
- Tess B represented Lara Secondary College in the Wynspeak regional finals - a fantastic achievement. Tess won the impromptu speech for the night.
- Paris and Liam from Year 7 were successful in nominating for the Year 7 SRC representative positions

Even with so much to celebrate it is becoming an increasingly challenging time for State Government schools. You may be well aware of changes to funding models which will certainly impact on us as it will the majority of schools in 2013. For this reason I urge you to finalize your compulsory levy payments if you have not already done so. I thank the majority of families who have done so which supports us in maintaining our high quality programs and the provision of high cost subjects.

**NETBALL**

On the 24th of May the B team for Netball went and played at the “Life Be In It Centre” We were a little bit late because we had to drop the Year 8 soccer and Year 7 Badminton, but luckily none of the Lara teams were playing that early.

We arrived at the “Life Be In It Centre” just a little bit after 10. I was really pumped and ready to play. I got changed into my dress. It looked really good. It was blue and white with the words “Lara” written in white.

Everybody looked really good. We were on the court in no time at all.

The first game my team played was against Mathew Flinders. They had a really good team. We played our hardest but didn’t score once. It was like that for the first two games. I was centre for those first two games and they did really well.

The last game was my favourite. I played GA and Tiara played GS. We actually scored in that game and we WON. We played really well that game, so did the other team. I scored 4 goals and Tiara shot 1. I thought our team did their best, and I can’t wait until next time we play interschool sports.

By Maddi L 7P

---

**BREAKFAST CLUB**

Welcome to all
Every Tuesday and Friday between 8.00—8.45am

Available: Toast and spreads, assorted cereals. (Hot meals available occasionally).

Sponsored by the Gateway Church Lara.
Pastor Ellie Griffin - Lara SC Chaplain

**YEAR 7 INTERSCHOOL NETBALL COMPETITION**

On Thursday the 24th of May, 16 Year 7 girls participated in Year 7 interschool Netball. It was held at the ‘Life Be In It’ centre in Geelong. There were 2 chosen teams the A team and the B team. Both teams did extremely well on the day. The A team won 2 games and lost one against Matthew Flinders but unfortunately they didn’t make finals. Overall everyone had a awesome day and we all tried our personal best!!

Thanks to Miss Ivermee and Miss Hastie

**By Khloe W and Claudia B**

(The A Team).
Senior Girls Softball State Finals

On Tuesday 22nd May 10 students travelled to Jells Park, Glen Waverley for the Senior Girls Softball State Finals. The girls played three games over the day and although we were unfortunate not to win any games, we all had a fantastic day. We had some great diving catches, some strike outs and quite a few home runs. A huge appreciation to all the girls: Jen M (our amazing captain), Georgia S, Helina V, Marwa O, Emily T, Georgia G, Hannah T, Naomi A and Anna J. Also a big thank you to our first base coach, Wil W and Jen's mum Julie, our third base coach. Fantastic effort by all involved.

Coach: Ariana Nickou

Soccer at Stead Park

On Thursday the 24th of April 13 Year Eight boys went to Stead Park to represent Lara Secondary College in soccer. We started off with a tough match against North Geelong Secondary College it was a good match but we ended up losing 4-0. We were happy with our effort considering they went through to the next level. Our next game was against Newcomb Secondary College which we won easily 3-1. Our next game was against Geelong High School which we won again 2-0. We had a break to get something to eat and drink. We had to watch Geelong High vs. Bellarine Secondary College to pick up on Bellarine's game play.
Cam G. (8 Blue) - 1 goal

We would like to thank Mr. Taylor, David L and Jordan S for taking us out for the day and coaching us.
Our last game was against Bellarine Secondary College, which we won quite easily 4-0. All up we had a great time and everyone enjoyed themselves.

Leading Goal scorers:
Zac W, 8R - 5 goals & Jack H, 8B, 2 goals

By Jack H. 8 B and Bryce H. 8 P
My ELO is called W.D and I find it a lot of fun. Tuesdays and Fridays are really good because it gives students in W.D a chance to be able to understand computers a bit better. I think people should consider being in this ELO because it gives you a chance to be able to make a website. It can be a bit challenging at first but you understand a lot better as the term progresses. Students should be happy to be in this ELO because it’s really fun. I think whoever is in this ELO should be happy; it might be the only chance during your education to get such an opportunity. Personally, I’m making a lot of progress in making my personal webpage but also I am obtaining a better understanding of how to use a computer properly. So if you are lucky enough to get an opportunity to be in this ELO enjoy!!

Wonderful Web Design!

Wonderful Web Design is a fantastic ELO (Enhanced Learning Opportunity), is where students who have an interest in ICT (Information Computer Technology) and other computer technology, can come in and learn from scratch how to make a colourful website! Before I came to Web Design, the only thing I knew about websites was how to search on the internet to have a look at them. But now after a term consisting of two sessions a week; I now know how to: put in pictures, links, slideshows, and lists using the HTML language that makes web pages. I strongly recommend that if you have an interest in ICT, or other computer related technology you have to give this ELO a shot!

CareerSpace

Reminders:

MONASH BACHELOR OF MEDICINE/BACHELOR OF SURGERY – Information Session: 6.30-8pm, 30 May; Students interested in this course are encouraged to attend as the admission process, the UMAT and interview process will be covered. Venue: Sir Robert Blackwood Hall, Clayton.

VU OPEN DAY - Sunday 24 June, 10am-4pm.

UNDERGRADUATE MEDICINE AND HEALTH SCIENCES ADMISSION TEST (UMAT) – Reminder: You must sit this test as part of the application process for Monash University medicine and physiotherapy degrees. You must register to sit this test by 5pm (AEST) Friday 1 June at www.umat.acer.edu.au. The test is on 25 July. NOTE UMAT changes: From 2012, UMAT scores can be used for admission to any of the UMAT consortium universities ONLY in the year following the test. Eg results from UMAT2012 can be used for undergraduate medicine or health science courses beginning in 2013 but NOT 2014. Do not register for UMAT2012 unless you plan to apply for a course commencing in 2013 AND you meet the eligibility criteria specified in the UMAT2012 Information Booklet. The changes will not affect candidates who sat UMAT2011 under the previous policy. UMAT2011 Scores will still be accepted for courses commencing in 2013.

YEAR 10 INFORMATION EVENING AT DEAKIN UNIVERSITY – Geelong Waurn Ponds Campus Pighorns Road Geelong VIC 3220 Tuesday 12 June, 6.30 pm–8.00 pm will cover a range of information relating to VCE subject selection, post-secondary study options and pathways. Students will hear from current students from Deakin and The Gordon, people who are currently living their career dreams, and Deakin, The Gordon and MBT staff. And enjoy pizza! Register: www.deakin.edu.au/future-students (go to Upcoming Events)

University of Melbourne - FUTURE CITIES STUDENT FORUM for Years 10 & 11 Students interested in careers in Architecture, Construction, Landscape Management and Engineering might be interested to attend on June 22 at the Parkville Campus from 9.00am. The Forum offers a series of interactive seminars and workshops addressing the question 'What will Melbourne look like in 50 years time?' The program is particularly suited for students studying Visual Communication and Design, Geography, Information Technology or Physics. Apply at http://benvs.unimelb.edu.au/future-cities.html by 12/6/2012

WHAT IS THE MELBOURNE UNIVERSITY BACHELOR OF ENVIRONMENTS? It gives you the chance to shape the world, explore ambitions and sync your personal interests with career pathways in areas like architecture, urban planning and design, environmental or social policy and construction and property. Focus on Melbourne event. When: 7-8.30pm, Tues 5 June; Where: Prince Phillip Theatre, Architecture Building, Parkville; Registrations: www.futurestudents.unimelb.edu.au/ focus-2012.

***Other events in the series still to come are: Conservatorium of Music on 7 June, Law on 21 June, Science on 26 June and VCA on 28 June (see web address above).

THE UNIVERSITY OF MELBOURNE JD SHOWCASE – designed for school leavers interested in a law career (sample classes; participate in a dispute resolution case). When: 9.30am-4.30pm. Wed 4 July; Cost: $65; Registration: www.jd.law.unimelb.edu.au/schools.

INTERESTED IN CONTEMPORARY DANCE? Deakin Uni. has a 3-day course to give prospective students a taste of the program. Take a contemporary dance class, then a choreographic workshop, reflecting some approaches the course offers. When: 9.30am-1.00pm, 2 – 4 July; Where: Room P1.29 (Dance Studio, Building P), Burwood; Cost: $150; Registration: Rebecca Chang, ph 9244 6450.

FIND OUT ABOUT RMIT COURSES – Not sure what courses involve? Then, these will help: medical laboratory visits, sessions on art and design, computing, animation and IT, aerospace, mechanical and manufacturing engineering, electrical and computer engineering, advertising, marketing and public relations, community justice day, health and medical sciences and nuclear medicine lab visits.

PARENT INFORMATION EVENING AT MONASH – Parents of Year 11/12s can attend this event to find out about the VTAC application process, scholarships and fees, course options and graduate outcomes (held at Albury, Caulfield and Geelong). Register interest: www.monash.edu.au/parent.

NEW SPECIAL EDUCATION DEGREE AT MONASH – Monash (Berwick) has a new Bachelor of Education (Special Education) program (pending university and VIT approval). Commencing in 2013, it will offer studies for primary and secondary education. Information: edu-courseinfo@monash.edu.

COMPUTER GAMES BOOT CAMP – CGBC is an event run by the Monash Faculty of Information Technology for Year 9-12s to experience everything connected to computer games. If you are interested in becoming a professional gamer, building and designing games this event is for you. When: Sat 7 – Fri 13 July; Where: Clayton; Register: www.it.monash.edu/cgbc.

WHAT ABOUT A CAREER INVOLVING WATER CONSERVATION AND THE ENVIRONMENT? Are you concerned about the environment? About water supply into the future? About how we will feed the ever-increasing world population? Then, have you considered studying agriculture? The Bachelor of Agricultural Science is NOT about being a farmer … it is about being a professional scientist in a service industry. The Bachelor of Agricultural Science at La Trobe University moves from a 4-year to a 3-year degree in 2013 (2011/12 ATAR: 54.40). It can be studied on it’s own, or as a double degree with a Bachelor of Business (2011/2012 ATAR: 72.85) or a Bachelor of International Development (2011/2012 ATAR: 73.15) (4-year courses). There is a big shortage of graduates in the field, with as many as five jobs available for every graduate in areas such as land management, agribusiness, grain business and with seed companies. Around 3,000 jobs in agriculture are advertised each quarter. It is about yields, food security, water scarcity, energy scarcity and land scarcity. The only prerequisite subject for the single degree is Units 3 & 4 English (any).

Nell Wilson—Careers Advisor

wilson.nell.n@edumail.vic.gov.au
ASSISTANT PRINCIPALS REPORT

Last Friday, the Year 7s had a truly extreme experience (which fits in very well with the theme for the term) when they went to the Melbourne Aquarium. It was a bitterly cold and rainy day but the team handled the situation very well, coming back a little bit earlier than planned but nevertheless finding the excursion an extremely worthwhile one.

This week many members of Lara Secondary College went to the Takeover night at GPAC. We were represented by Year 10, 11 and 12 drama groups. This was the fourth year our Year 12 group have performed at this event. Each group presented a 20 minute piece that had to link to the overall theme of chaos and use a non-naturalistic approach. I know I am just a little bit biased but our presentations showed real talent and understanding of the task at hand. I am always amazed at the acting talent of our students and how Michelle Fitzgerald and Suz Nielsen get the very best out of students. There will be photographs and more detailed credits in the next newsletter.

Staff are busy at the moment coming to grips with a new reporting software package. You will not see any difference in your final copies of the end of semester reports but for teachers it has been a matter of getting used to differences in the new program. There will be a Reporting Writing Day on Monday 18 June. Semester two will officially start on Tuesday 19 June. It is necessary to change semesters at this time and not at the term break to ensure that the semesters are even. This does not have a big impact in the middle years but does for the later years. Once second semester is underway we will be continuing with our ‘at risk’ process, ensuring students who may have experienced difficulties in semester 1, have the opportunity and the support to set goals to overcome problems in semester 2.

Glenda Ward & Damian Marra
Assistant Principal
ward.glenda.j@edumail.vic.gov.au
marra.damian.p@edumail.vic.gov.au

DURING EXAM WEEK STUDENTS ARE ONLY REQUIRED TO COME TO SCHOOL FOR THEIR SCHEDULED EXAM. IT IS EXPECTED THAT THEY ARRIVE AT SCHOOL READY TO COMPLETE THEIR EXAM WITH ALL REQUIRED EQUIPMENT SUCH AS PENS, PENCILS AND CALCULATORS AT LEAST FIFTEEN MINUTES PRIOR TO THE EXAM COMMENCING. STUDENTS MUST WEAR FULL SCHOOL UNIFORM FOR ALL EXAMS AND WILL BE UNABLE TO SIT THEIR EXAM IF NOT FOLLOWING THIS SCHOOL RULE. TEACHERS WILL BE AVAILABLE FOR CONSULTATION DURING EXAM WEEK TO OFFER STUDENTS EXTRA SUPPORT PRIOR TO COMPLETING THEIR EXAMS.

If your child is unable to attend their exam due to illness, please phone the school at the earliest time possible and ensure that a medical certificate is presented to the office no later than two days after the exam date.

Families are reminded that Monday 18th June is a Report Writing Day and students are not required to be at school. On the following day, Semester Two begins on Tuesday 19th June. Year 11 VCE / VCAL students will commence their Unit Two coursework and Year 10 students will start their new elective subjects.

Year 10 students must remember that in order to achieve their Year 10 Certificate and be eligible to progress to Year 11 in 2013, they must satisfactorily complete all assessment tasks for each of their core, central studies and elective subjects. Students who are at risk of achieving this will be required to attend school during exam week to complete work to a satisfactory level.

We hope that our students will have a positive and encouraging support network at home during exam week and we wish your child every success as they prepare to achieve their best results for each of their exams.

Year 10 into 11 VCE/VCAL Information Evening
Thursday 26th July 2012
6:00pm – 7:30pm in Room 311

All Year 10 students and their parents/guardians are requested to attend the VCE/VCAL Information Evening on Thursday 26th July. This event is essential in informing families of the 2013 subject selection process and the many options that are available for various pathways. Representatives from Deakin University and the Gordon TAFE will be available for consultation to answer any queries you may have.

SENIOR YEARS EXAMS AND INFORMATION EVENINGS

The Year 10 and 11 Exam Week is fast approaching and our Senior Years teaching team is very excited to see our students demonstrate their knowledge and skills they have learnt throughout semester one.

Students have received their exam timetable and have been introduced to exam expectations and protocols. It is vital that our students are developing effective study and revision routines at home to ensure that they are well prepared for their exams. This will mean that they have the best chance of achieving their full potential in each of their subjects.
